Our clublines are the result of much perseverance, collaborative effort and purpose. Built with features that surpass expectations and designs that exceed prevailing junior golf standards, we believe these clubs reset the bar for high performance junior golf equipment. Each of our brands represent our enduring goal of enhancing the enjoyment and performance for every junior player of golf's next generation.

Mike Flynn, Founder

2023: IN REVIEW

AUGUSTA GAMERS

There may not be a better competition to evaluate the performance of clubs than the Drive, Chip & Putt. The world watched as competitors of all age groups chose Flynn products including many finalists! Congrats everyone!

PINEHURST PERFORMANCE

Players from around the globe converge at Pinehurst. Thus, the event reflects the status of play on an international scale. It's truly satisfying to acknowledge that our equipment empowers more skilled young players worldwide than ever. In all, over 45 Top Ten Division Finishers, had Flynn Golf custom products in their bag. Congrats everyone! 03

2023 PLAYER OF THE YEAR

RIVIERA LINDHOLM

Congratulations to Riviera Lindholm for her outstanding achievements in golf during 2023! Riviera secured a remarkable second-place finish at the 2023 US Kids World Championship in Pinehurst, showcasing her talent on the global stage, a first-place triumph at the European Championship, and victories at Jekyll Island, the Junior Honda Classic, and an four impressive first-place finishes in Canadian invitationals. Riviera’s passion for the game, coupled with her infectious big smile, has not only set her apart as a formidable player but has also endeared her to the junior golf world. In recognition of her stellar performance, unwavering dedication, and love for the sport, Riviera Lindholm is rightfully crowned the Flynn Golf Player of the Year. Cheers to a truly remarkable year on the golf course! We’re proud to have you playing our equipment!

Each model features a spacious 10"x 8.5" top with a sleek 4 way divider and easy-grip top handle and the comfort of easily adjustable buckle straps. Plus 6 pockets on the exterior for every item used in today's game!

NEW FORGED FOR 2024

LTX WEDGES

NEW FLYNN LTX FORGED wedges, are produced via industry benchmark processes, including multi-step billet forging from Premium 1020 Soft Carbon Steel and advanced precision CNC techniques for elite junior golfers who are adept ball strikers.

INTRODUCING THE FLYNN'S FIRST EVER FORGED WEDGES!

Introducing our newest addition to the LTX FORGED line, meticulously crafted from 1020 soft carbon steel for outstanding performance. These wedges are achieved through multi-billet forging and finished with double-sided precision CNC milling, all on a classic and versatile C-Grind sole design. Exceptional feedback, feel and as always, built from the most varied range of junior shafts, lengths, colors, and grips to suit your golfer's game.

Available in our full line of ALTO Composite Performance shafts by UST Mamiya, as well as multiple junior steel shaft options which include KBS 560/580 and Flynn JS70 by True Temper; plus an assortment of grips by top brands, including Lamkin, Golf Pride, Winn and IOMIC.

CUSTOM SHAFT CATALOGUE

Our very popular VTMAX ALTO Series Shafts represent both an upgrade and continuation of what are the most varied selection of shafts available for junior golfers. Simply put, we select from nine raw flex designs - all of which are then individually and differentially prepped and tuned, for each individual player. ALTO Custom Shafts are further enhanced by UST Mamiya's Low-Resin Technology for smoother feel and optimized performance. Additionally, every ALTO Shaft is available in any of our now 8 color designs including our New Matte White finish.

Engineered by Shaft Experts at UST Mamiya.
